

Guardian Angel Prayer

Beloved Guardian Angel,
Angel of the light of God who was sent to me from heaven
as a companion on earth, help me to always walk as a child
of my creator, and keep me away from all the traps that try
to get me out of the path I must follow.

Today I beg you to stay with me at night so that I do not
fear the dark. That you do not lose sight of me during the
day. Always protect me so that my confidence grows, and I
can feel the presence of God in my heart.

My glorious Guardian Angel, pure and blessed spirit that
illuminates the paths that I have to cross, before you I ask
that my serious problems be taken care of by the Most
High with your help.

I trust in you and in your powerful and sacred presence to
walk the path to enlightenment together.

In you I trust, so it is and so it will be for ever
and ever. Amen.
